

Our Place - Hobart

Craig Garland MP
Member for Braddon

by email: craig.garland@parliament.tas.gov.au

Dear Mr Garland

Congratulations on your election to the Tasmanian House of Assembly as member for the electorate of Braddon.

Here at *Our Place* we are delighted that you were so staunch in your support for the people and environment of Tasmania throughout the election campaign. We are especially appreciative that this support extended to your opposition to a new AFL stadium at Macquarie Point and the lack of transparency surrounding the signing of the funding agreement, the lack of planning in its site selection and the lost opportunities that would otherwise flow, particularly to the north of the state.

We sincerely hope that you will maintain your opposition to the stadium in the new Parliament, where the majority of successful candidates have expressed concern over the redistribution of funds from the State's primary responsibilities in health, housing and education, to a vanity project that will only plunge us further into debt.

We look forward to working with you over the coming months to see this ridiculous proposal finally expunged from the new parliament's agenda.

Yours faithfully

Roland Browne
